STATEMENT FROM MOMS CLEAN AIR FORCE AHEAD OF MIAMI DEMOCRATIC DEBATE

Statement from **Heather McTeer Toney**, National Field Director of Moms Clean Air Force:

"Moms are climate voters. As we watch the debates, our members want to know that the climate crisis is a top line issue. We are listening for each candidate's thoughtful commitment to tackling carbon and methane emissions. We want to know how each candidate plans to get us to a fossil-fuel free, 100% Clean Energy Economy by 2050. Vague promises to do something will not suffice. Climate white papers and ideas in a silo are inadequate. We want to know that a candidate recognizes the urgency, and has a thorough, well-articulated plan to lead America to Climate Safety—and reclaim global leadership during this time of crisis. We face a defining decade. Our children will spend the rest of their lives dealing with the consequences of what we decide in 2020."
