ASSAULT ON MERCURY AND AIR TOXICS STANDARDS

THE TRUMP ADMINISTRATION’S EPA IS UNDERMINING PROTECTIONS AGAINST MERCURY AND AIR POLLUTION.
Coal-fired power plants emit at least 84 separate hazardous air pollutants.
THE MERCURY AND AIR TOXICS STANDARDS WERE FULLY IMPLEMENTED AND WERE REDUCING EXPOSURE TO DANGEROUS POLLUTANTS LIKE MERCURY AND LEAD.
THREATENING THE MERCURY STANDARDS WILL THREATEN THE HEALTH OF BABIES.
Virtually no one supports weakening the mercury and air toxics standards.

Industry, labor leaders, members of Congress from both parties, states, mayors, public health groups, medical associations, scientists, and moms have asked the Trump administration to leave the standards in place.
THE POWER SECTOR IS ALREADY MEETING THE MERCURY AND AIR TOXICS STANDARDS.
WE CANNOT ALLOW THE TRUMP ADMINISTRATION TO POLLUTE OUR AIR.

FAMILIES AND CHILDREN ACROSS OUR COUNTRY DESERVE THE RIGHT TO BREATHE CLEAN AIR.
